

## UNCLE RAY'S WAY

Uncle Ray's® is a national chip and snack food brand founded on a commitment to quality products at an affordable price. People love eating them as much as we love making them!

- Founded In 1965; Based In Detroit, MI
- Two Production Facilities - Detroit, MI, And Montgomery City, MO
- Distributed Throughout The United States & International Locations
- Certified By SQF, USDA, FDA And Orthodox Union
- Warehouse Delivery & E-Commerce Options
- Complete Assortment Of Potato Chips And Salty Snacks
- Better Consumer Value Compared To Major Brands With Higher Everyday Margins
- Potato Chips Manufactured With Up To 10 Month Shelf Life
- Easily Display With Knockout Window Boxes

# UNCLE RAY'S WAY

Uncle Ray felt strongly about making potato chips that are strong in flavor and sold at a fair price so that everyone could enjoy "Beyond Good" chips and snacks. We still work day in and day out to make and share the best potato chips possible!

The Uncle Ray Way and his values are kept alive today. We still share them within the company and with our potato chip customers. "The Life and Times of Uncle Ray" on the backs of many of our chip bags are just one way we do that. As Uncle Ray grew older, he became more concerned with the legacy that he would leave behind for his family and all those that would enjoy his tasty potato chips and snacks. That's how these chip bag stories, all true, came into existence. Each contains an interesting tale from Uncle Ray and a little wisdom that he picked up along the journey of his life. We want everyone to enjoy these 30 stories along with their favorite potato chips and snacks - That's the Uncle Ray Way.

From my family to yours,  
thank you for choosing Uncle Ray's.

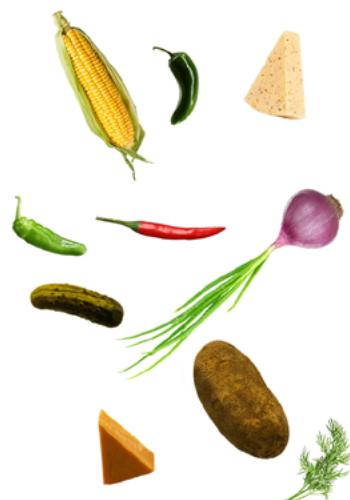

## A Man of Dedication

The Uncle Ray Way is bigger than all the "Beyond Good" potato chips and snacks that we produce. It is one of dedication and values. Uncle Ray was a man dedicated to his church, his family, and his business. He and his chips were inspired by the concept of achieving more through community and personal relationships. His ways of making the chip business a success were not concerned as much with finances - Uncle Ray believed that if you work together as a team and community, then the money would take care of itself. That's a worthy lesson these days, and he carried these values throughout his team, snack suppliers, and chip customers. Uncle Ray was so loyal to his chip customers that he actually cosigned on a home for one of them!

## Roots In Uncle Ray's Values

Farm to table traditions still hold true with our potato chips just the way Uncle Ray started. We know the value of American farms. After all, it's a perfect potato that is the start of every perfect chip. Uncle Ray's is proud to partner with family farms who employ the slogan, "Faith, Family, Farm" to supply us and you with the best year round supply of potatoes. Uncle Ray's and the farm will dig up the fresh potatoes so that all you're digging for is that next delicious chip from your favorite bag.

## We Believe In Only The Best

Uncle Ray believed in doing things the right way. That means using only the best ingredients and seasonings to keep quality and freshness at the highest levels. The best potatoes deserve rich and even flavor. Our customers love knowing that they'll get a fully seasoned experience with every bite and on every chip, no matter the bag size, no matter the flavor. It's just the right thing to do!
